

Specifications:

1. Moisture Retention Membrane
2. Chloride Ion Trapping Chemistry
3. Hydrogen Sulfide Ion Trapping Chemistry
4. Chlorine Ion Trapping Chemistry
5. Solid-State Cupric-Sulfate Chemistry
6. Hydrogen Sulfide Indicators
7. Hydrocarbon Indicators
8. Expanded Reference Element
9. Laboratory Grade Chemistry

Wire Specification:

1. 20' #14 RH / RHW Wire
2. UL Approved
3. Cross-Linked Polymer
4. Will Not Support a Flame
5. Wire Color is Yellow

Note: Wire can be supplied in any length or size!

Copper-Copper Sulfate
Reference Electrode:
Color Code = **YELLOW**
Warranty = **30 Years**
Part Number = **SRE-007-CUY**
